

As the Senior Solutions season is upon us, we will be hosting training webinars for Judge Advisors. The webinars will include detailed information on the FLL Judging and Deliberations process as well as specific updates for this season.

We will be providing the same webinar on separate occasions. We are doing our best to schedule webinars that will accommodate as many time zones as possible.

One Judge Advisor or Partner from each region is required to attend one of the Training webinars scheduled.

Should your region have multiple Judge Advisors, all are welcome to attend.

Please forward this e-mail to your Regional Judge Advisor(s) as they will need to pre-register for the webinar that they will be able to attend.

We are delighted to provide this opportunity to Rookie and Veteran Judge Advisors alike. Although some of the information provided may be a refresher, reviewing the information regularly is best practice and critical as we strive for a consistent experience for all teams around the world.

To register for a specific webinar please click on and follow the link associated with the date that you would like to attend.
