Math 205 Introductory Calculus I, Spring 2016

Basic Info:
Meeting Times/Locations

• Section 0002, MWF Roop Hall room 212, 1:25–2:15pm

Instructor: Dr. Joshua Ducey
Email: duceyje@jmu.edu
Website: http://educ.jmu.edu/~duceyje
Office Location: Roop 339
Office Hours:

• Monday 10:10–11:00am
• Wednesday 12:20–1:10pm
• Friday 11:15–12:05pm
• By appointment

Book: Introductory Calculus I by Tan, Cengage 2011, 8th Ed.

Course Goals and Content:
The student should develop an understanding of both the theory and
applications of the Calculus topics covered. We will cover topics from
Chapters 2 through 6 of the text.

Nature of the Course Content:
MATH 205. Introductory Calculus I.
3 credits. Offered fall and spring.
Topics from differential calculus with applications to the social, behav-
orial or life sciences or management. Prerequisite: MATH 155, MATH
156 or sufficient score on the Mathematics Placement Exam. Not open
to mathematics or physics majors or to students who have already
earned credit in MATH 235. Not recommended for chemistry majors.

Goals of the Course:

(1) To develop an understanding of the logical structure and style
of mathematics by:

• Using reason in an orderly, cogent fashion.

• Writing clear, well organized solutions to problems.

Structure refers to the foundations of mathematics and to the
techniques used to build on those foundations. Style refers to the clarity, elegance, efficiency, and precision desirable in mathematical expression.

(2) To develop ability to use mathematical tools to solve problems and to transfer this knowledge to analogous situations by:

- Using differentiation to solve problems involving optimization and rates of change.

- Using polynomial, algebraic, exponential, and logarithmic functions in mathematical computations and in modeling applications.

- Using and understanding antiderivatives, the Fundamental Theorem of Calculus, and area under a curve.

**Homework:**
Will be assigned *daily*. We will be using the online homework resource WeBWorK. Go to webwork.cit.jmu.edu, scroll down to MATH205, and click the link next to Joshua Ducey to access your assignments.

**Quizzes:**
There will be random quizzes given in class. No make-up quizzes will be given.

**Success:**
*Come to class.*  
*Read your book.*  
*Do your homework.*

**Getting Help:**
Your are encouraged to work on homework with your classmates. My office hours are fixed times when I will be in my office to help you, but you can also make an appointment to see me at a different time (just email me).

**Evaluation:**
WeBWorK: 15%  
Quizzes: 5%  
Three Exams: 60%
Cumulative Final Exam: 20%

Grade Scale:

\[90 - 100\] A- to A
\[80 - 90\] B- to B+
\[70 - 80\] C- to C+
\[60 - 70\] D- to D+
\[0 - 60\] F

Final Exam Time:
Wednesday, 5/4/2016, 1:00-3:00pm

General University Policy: www.jmu.edu/syllabus
