Lecture
Class Time:
MWF 9:05am-9:55am and T 9:30am-10:45am. (section 1)
MWF 10:10am-11:00am and T 11:00am-12:15pm. (section 2)
Class Location: Burruss 030
Textbook: CALCULUS by TAALMAN and KOHN (Publisher: Freeman)
Graphing and Computing: Mainly Matlab.

Course Instructor
Name: Dr. Minah Oh
Office: 341 Roop Hall
Email: ohmx (at) jmu (dot) edu
Phone: 540-568-4929
Website: educ.jmu.edu/~ohmx
Office Hours:
M 11:15AM-12:05PM, 12:20PM-1:10PM, W 1:25PM-2:15PM, and F 11:15AM-12:05PM.

Evaluation

1. Three Exams 45% (15% each.)

2. Weekly Homework and/ Quiz 20%
A list of daily homework problems from the textbook will be posted on my website. Make a homework notebook to do these problems. Don’t forget to show work for each problem. Quiz problems will be very similar to these homework problems, and quiz dates will be announced at least one week in advance. On each quiz day, I may decide to collect homework without notice instead of (or additional to) giving a quiz, so make sure to bring your homework notebook to class on every quiz day.

3. Daily Online Homework 15%
Online homework will also be assigned daily. We will be using the online homework resource WeBWorK. Go to webwork.cit.jmu.edu, scroll down to MATH237, and click the link next to Minah Oh to access your assignments.

4. Comprehensive Final Exam 20%

Grading Scale
Attendance Policy
IF YOU MISS FIVE OR MORE LECTURES (EXCUSED OR NOT) DURING THE SEMESTER, YOU WILL AUTOMATICALLY GET THE LETTER GRADE F IN THE COURSE.

Honor Code
Academic integrity is extremely important. Therefore, we will strictly abide by the honor code found at http://www.jmu.edu/honor/printcode.html.
