

**Project Protocol – Draft #1
Math 321 - Domangue
Spring 2010**

Due Friday, March 5, 2010

- 1. Title of Project:**
- 2. Group Members:**
- 3. Objectives of the Experiment:**
- 4. Treatment Structure:**
 - Factor A:**
 - Levels of A:**

 - Factor B:**
 - Levels of B:**
- 5. Response Variable =**
Measurement Tool =
- 6. Design Structure:**
 - Type of Design: (Completely Randomized Design, Randomized Complete Block Design, or Split Plot)**

 - Describe Testing Procedure:**

 - Experimental Units: (If split plot, give whole units and split units)**

 - Describe blocks:**

 - Randomization Procedures:**
- 7. Extraneous variables:**
- 8. Statistical Methodology:**
 - a. Number of Replicates Per Treatment: 5 for now, will work on later.**
 - b. Methods: To be filled in later**
